

CULTURE UP *Stand Up*

16 January 2023

Coordinators and facilitators for 2023

Rozemarijn Strubbe and Gerwin van Oene

Main Goal

To continue the Culture Up network, stay connected and create an active learning group

Online meetings

We aim for a structured way of continuing the Culture Up network by providing a scheduled framework of online meetings, 6 times a year (4 for 2023). It's called Culture Up *Stand Up*.

With the purpose to:

- *Bring*: to share new developments/projects/methods/ideas that you think are valuable for this network.
- *Gain*: To ask questions (for instance about a topic raised in one of the partner visits) or get feedback on topics, exchange issues/challenges.

The main topics forming the framework of the meetings:

1. Education
2. Community
3. Culture and Wellbeing
4. Management and Government/Policy

At every meeting we start as a complete group and divide into break-out rooms according to the four main topics. Make sure you have enough colleagues involved so that you are well represented in the breakout rooms.

Content

Partners of Culture Up can email in advance and inform what they want to provide input for or if they have questions about a topic. All the input will be gathered in a Google Drive file.

We aim for an engaged network where everyone is actively involved in preparing and participating in the meetings. Everyone is free to bring new colleagues to a meeting to discuss topics.

Each partner country has a person who will actively ask colleagues/partners to provide input for these meetings. These are:

Ireland; Amie	alawless@galwaycoco.ie
Serbia; Zorica	zorica.sijak@gmail.com
Finland; Johanna	johanna.t.kangas@tampere.fi
Denmark; Helle	helle.t.andersen@rksk.dk
